

THE DIVORCE MILL

It is Working Very Well in the Centennial State.

NEW BRUNSWICK PEOPLE USE IT

Frank J. Medina Takes His Oath to It, But He is Arrested for Fraud and Adultery—He Will Suffer.

DENVER, Colo., Oct. 6.—[Special to THE HERALD.]—In May, 1891, James A. Reid was granted a divorce in the Arapahoe county court from his wife, Guiliana Reid, on the ground of desertion, the evidence being taken before J. A. Deweese as referee. A month later Thomas Early, counsel for plaintiff, filed a motion asking to amend the decree, as the defendant's first name was misspelled. In July Judge Miller ordered the default set aside and the case dismissed. It had been discovered that the parties both resided in St. Johns, N. B., and had never been residents of the United States, and there was nothing to show that either had ever been in Denver.

F. J. Medina Arrested for Adultery.

DENVER, Oct. 6.—[Special telegram to THE HERALD.]—Frank J. Medina, said to be connected with the great fair here yesterday, was arrested here yesterday on a charge of adultery. Medina has not got along with his wife and has made numerous efforts to free himself. In 1874 the Philadelphia house was established under Mrs. Medina's charge, and she charges that her husband became too intimate with some of the girls, particularly one Emma Smith. In 1877 he deserted his wife, and in 1879 tried to get a divorce, but the wife prevented it. Medina and Emma skipped out to avoid arrest. In 1880 they came to Denver, where they have since lived. Twice he attempted to procure a divorce from his wife, bringing suit at Cavallo Rock, Colorado, and both times the wife was present and prevented the success of his suit. In 1885 he tried again, this time in Denver, with the same result. In 1889 he got a divorce in Bent county by swearing that he did not know where his wife lived, and at once married Emma. Just one year ago the news came to the deserted wife's ears and she began to gather facts which led to Medina's arrest for fraud and adultery and may lead to his contracting with the state for his services for a period of time.

A Vessel Blown Up.

LONDON, Oct. 6.—[Of Newburg, Scotland, to-day a vessel was seen on fire. An explosion resulted and vessel and the crew were blown to atoms. It is believed.

New York Pool Rooms Limited.

NEW YORK, Oct. 6.—The police to-day raided the pool rooms of the city while the Jerome Park races were in progress, securing thirty-five prisoners and \$1,500 cash.

A Spanish Hospital Burned.

MADRID, Oct. 6.—A hospital and fifteen houses were destroyed by fire to-day at Santander, twenty miles north of here.

A Dispute from Santander at Midnight.

SANTANDER, Oct. 6.—A dispute from Santander at midnight says the fire at the hospital has been caused by a Spanish soldier, who was quarreling with a Spanish woman, and the flames are spreading quickly with alarming rapidity. Fourteen houses in Calle Clonore and eight houses in Calle Monte are already consumed.

Excitement at Kingston Subsidizing.

KINGSTON, N. Y., Oct. 6.—The excitement over the Ulster County Savings bank troubles is quickly wearing away and business is getting back to its normal condition. Examiner Jackson thinks the stealing will not be materially increased over \$400,000, the amount stated by him at first, and says it will require two weeks to complete the investigation.

Young Blaine's Answer.

ST. LOUIS, Mo., Oct. 6.—The answer to the famous divorce suit of Marie Virginia Blaine vs. James G. Blaine, Jr., was served upon Mrs. Blaine to-day. She asks for a divorce and custody of the child, and for suitable alimony. Blaine in his reply denies the charges, and says he has an income of about \$20,000 a year, which will cease December next.

International Cricket Match.

NEW YORK, Oct. 6.—The English and New York cricketers played again to-day, the score at the close of the day being, English 388, in one inning; New Yorkers 124, in one and a half of the second inning.

Rev Samuel Benedict Accidentally Killed.

CINCINNATI, Oct. 6.—Rev. Samuel Benedict, for many years pastor of St. Paul's Episcopal church in this city, was accidentally killed in San Rafael flats to-night. He had descended in the elevator from the third floor to not be materially increased over \$400,000, the amount stated by him at first, and says it will require two weeks to complete the investigation.

Phillipsburg Bank Liabilities.

PHILADELPHIA, Oct. 6.—A press special from Philadelphia to-day unofficially announced the liabilities of the Phillipsburg bank, which closed yesterday, are \$280,000, and assets \$400,000. Moshannon bank, at Moshannon, Pa., on which there has been some talk of a run, has paid all demands in full.

Three Persons Burned to Death.

WILBER, Wash., Oct. 6.—A two-story frame building was destroyed by fire and three persons and two children burned to death. Another child was fatally injured.

St. Hon. W. H. Smith Dead.

LONDON, Oct. 6.—Right Hon. William Henry Smith, first lord of the treasury and government leader in the commons, who has been ill for some time, died this afternoon.

Mr. Smith, Who was one of the representative business men of England, is popularly supposed to have left a fortune of about \$100,000. Smith made favorable progress toward recovery until yesterday, when he became worse, owing to a recurrence of gout. This morning his condition became critical and he died at 3 p. m.

Halfway will succeed Smith as Conservative leader in the commons if the influence of the powerful Carlton club and the opinion of the Conservative party as a whole rises in the decision to be made by Lord Salisbury. On the other hand, if the negotiations now pending for a reconstruction of the cabinet based on the absorption of Liberal-Nationals are effected, Goschen will claim the leadership. An intimate friend of Goschen tells the Associated Press correspondent that Lord Salisbury, during the critical period of the coalition, gave a written assurance Goschen should have the leadership if Smith retired, the latter's health being precarious then.

Gladstone has wired the following dis-

WANTS TWO STATES

A Plan to Make Two Commonwealths out of Colorado.

A REPUBLICAN KINDERGARTEN

To Teach the Australian System of Voting—Acting Governor Murphy's Report on the Condition of Affairs.

DENVER, Oct. 6.—[Special telegram to THE HERALD.]—There are a number of western Colorado people now at Grand Junction who wish to see the state of Colorado split in two along the continental divide. A Mr. Bell has been selected as their spokesman, and is now the program of the Western Slope congress for a speech in which he proposes to show how little the section west of the range has to expect from the state, and to spring the plan of the seceders. It is not thought that the scheme will strike many people favorably. Back of it all may be seen the handiwork of H. H. Edwards and Republican statesmen who wish to go to Congress and see little hope for themselves unless a greater demand for office holders is created. These men do not wish to take part of Utah, as Salt Lake and vicinity is looked on as too uncertain in its politics.

Republican Kindergarten in Denver.

DENVER, Oct. 6.—[Special telegram to THE HERALD.]—The Republican central committee has opened a kindergarten for voters in order to familiarize them with the new Australian ballot law. To show how necessary the movement is, out of 300 who voted to-day 250 made mistakes that would have thrown out their votes.

Report on the Condition of Arizona.

WASHINGTON, Oct. 6.—N. O. Murphy, acting governor of Arizona territory, in his annual report to the secretary of the interior, expresses the opinion that the population of the territory will reach 700,000 people before the end of the present fiscal year. There are at least, he says, 12,000 Mexicans in the territory engaged in agriculture and mining. The following shows the kind and quality of taxable property in the territory and its value according to the report of the territorial board, for the current year:

Number of acres, 3,344,981; value of the same, \$4,900,121; value of improvements, \$2,300,314; value of the same, \$1,972,337; value of improvements on the same, \$2,347,424.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.

Number of swine, 250,000; value of the same, \$250,000; value of improvements, \$250,000; value of the same, \$250,000; value of improvements, \$250,000.

Number of mules, 10,000; value of the same, \$10,000; value of improvements, \$10,000; value of the same, \$10,000; value of improvements, \$10,000.

Number of horses, 47,912; value of the same, \$1,100,000; value of improvements, \$1,100,000; value of the same, \$1,100,000; value of improvements, \$1,100,000.

Number of cattle, 1,757,000; value of the same, \$28,737,000; value of improvements, \$28,737,000; value of the same, \$28,737,000; value of improvements, \$28,737,000.

Number of sheep, 1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000; value of the same, \$1,088,000; value of improvements, \$1,088,000.
